

## A cooking class

Wong Tsz Yan, Katherine (4C)

I joined a cooking class with my mum in a children's centre today. We learnt how to bake a cake and I saw my friend, Mary. Miss Wong taught us how to do it. 'First, you need to beat two eggs and then put some butter into a bowl. After that, put some flour in a bowl and mix them up,' Miss Wong.

Next, we made the cake mixture. Later on, my mum put the cake in the oven. I was excited, Suddenly, there was some black smoke. Mum and I were scared. Luckily, my mum managed to turn it off. When we took the cake out, it was burnt.

In the end, I found out that my mum told me to set the timer for thirteen minutes but I set it for one hour. It was my mistake. We made a cake again.
