

My family member's job

Chow Pak Man, Jack (2C)

I want to write about my mother. Her job is a housewife. She works at home. She wears a T-shirt at home. She looks after me. How does she look after me? She teaches me to do homework, cooks food for me and does housework. She works every morning, afternoon and evening.

I know she has a hard job. So I want to help her to share the housework.
